

# PRESTON MOTORS ESSENDON

To whom it may concern,

I represent Preston Motors Essendon, a proud member of the Preston motors Group, currently celebrating a centenary in business.

Through our longstanding tenure, we have built a strong and trusted reputation in the community and as such, must select all those responsible for assisting in the the maintenance of this reputation very carefully. For the purposes of Paintless Dent Repair we have chosen Presi-Dent Removal given their history in the area, with other prominent dealerships and service values. This level of service, whilst working with us has seen them become our exclusive solution for this type of repair.

It is with great pleasure and security that I can recommend the service of Presi-Dent to anyone in need of Dent or Hail repair. Their service will match their standard and the standard is excellent.

Tim Barrett

Dealer Principal
